

LES AMIS DE LA MONTAGNE 2021-2022 TEAM

Thank you!

Les Amis 's permanent staff oversees the smooth running of the organization's activities. In addition, some fifty seasonal, onsite employees provide educational, outdoor recreation and conservation programs and services, run our cross-country ski school, lead walks and snowshoeing excursions, and welcome visitors to the park and the Café des Amis.

Passionate about geography, geology, urban planning, biology and environmental studies, landscape architecture and other disciplines, the members of Les Amis's team are committed to sharing their love of the mountain and the importance of working together with the Montreal community and park visitors to safeguard it.
